

Annual Scrutiny Report

2014/2015

Foreword

It gives me great pleasure to introduce the Annual Scrutiny Report. The Report highlights key pieces of work each of the Scrutiny Panels and the Overview and Scrutiny Committee have completed over the past year.

The Overview and Scrutiny Committee and the three Panels (Education & Children's Services, Neighbourhoods & Community Services and Health) have, once again, had a busy year. This report highlights the key achievements of the Panels and the Committee, so that this report gives a good picture of the big issues that Scrutiny has looked at during the 2014/15 municipal year.

Issues I would like to highlight, in particular, are: the focus of the Health Scrutiny Panel on the recent acquisition of Heatherwood and Wexham Park by Frimley Park NHS Foundation Trust; the Education and Children's Services Scrutiny Panel continued work on Children's Services in Slough and negotiations with the Department for Education and the Neighbourhoods and Community Services Scrutiny Panel advising the Cabinet to implement changes in street cleaning arrangements at the time of contract retendering. In addition, this year the Overview and Scrutiny Panel commissioned a Task & Finish Group to investigate car parking in the town centre. Scrutiny plays a vital role in providing effective challenge, bringing transparency and examples of best practice into the services we provide to the public, and these issues demonstrate the value that the scrutiny process can bring.

The 2015/16 municipal year promises to be a challenging and rewarding year for Overview and Scrutiny with a review of Neighbourhood Action Groups already agreed and proposals to increase the level of task and finish work being put forward. I look forward to working with all members to ensure that Overview and Scrutiny adds value to the work of the Cabinet and officers across all issues.

I would like to thank my own Vice Chair, as well as the Chairs and Vice Chairs of all the Panels for their support and leadership throughout the year. And on behalf of the all the Chairs and Vice Chairs I would also like to thank all members, officers and partners who have contributed to the work of the Overview and Scrutiny function over the past year.

**Councillor Mohammed Nazir
Chair, Overview and Scrutiny Committee**

What is Overview and Scrutiny?

The Overview and Scrutiny Function, established by the Local Government Act 2000, plays the role of critical friend to the Cabinet and other key decision makers.

Overview and Scrutiny Committees were created to:

- hold decision-makers to account;
- challenge performance and help improve services;
- ensure policies are working as intended and, where there are gaps, to help develop policy (through its own policy development work and making recommendations to decision-makers);
- bring a wider perspective, from citizens and stakeholders; and
- examine broader issues affecting local communities.

Through requesting information and questioning decision-makers an Overview Scrutiny Committee can review the quality of local services, hold decision-makers to account (whether the Cabinet or other statutory bodies such as NHS Trusts), and put forward ideas for developing and improving services.

The Centre for Public Scrutiny has set out the four principles for effective scrutiny as:

- critical friendship to decision-makers
- engaging the public, enabling the voice of the public and communities to be heard in the process
- owning the process with non-Executive Members driving the scrutiny process
- making an impact through driving forward improvements in public services

To achieve the desired quality of effective scrutiny, an Overview and Scrutiny function must:

- be independent
- be robust, rigorous and challenging
- fully engage all non-Executive Members
- come from a positive culture that supports and promotes the process
- involve local citizens and service users
- ensure that its purpose is clear and widely understood
- demonstrate the value added
- be creative in its ways of monitoring service performance
- have dedicated resources
- bring the conclusions of its Reviews to the attention of Full Council
- have a comprehensive Member Development programme

The questions an Overview and Scrutiny Function must ask itself in terms of its own effectiveness are:

- Is it effectively holding decision-makers to account?
- Is it helping to improve services?
- Is it building links between the Council, its partners and the community?
- Is it helping to improve the quality of life for local people?
- Is it adding value?

The Annual Report looks to assess the effectiveness of the work done by the Overview and Scrutiny Function at Slough Borough Council in the 2014/15 municipal year, as well as reviewing the changes to the role of scrutiny that have taken place following the passing of the Localism Act, the Health Reforms and the changes in the education landscape, and looking towards the year ahead.

Overview and Scrutiny at Slough Borough Council

The Overview and Scrutiny Function at Slough Borough Council is made up of the Overview and Scrutiny Committee and three standing Panels: Health Scrutiny Panel, Neighbourhoods and Community Services Scrutiny Panel, and Education and Children's Services Scrutiny Panel. In addition, each of these three groups can commission task and finish groups to undertake time-limited reviews of specific policy issues.

The Panels enable greater focus on specific subject matter, while the overarching Overview and Scrutiny Committee focuses on cross-cutting issues, corporate, financial and performance management of the Council. The Committee and Panels look to work closely together, using joint meetings where appropriate, to develop their work programmes and effectively scrutinise the work of the Council and its partners.

Members on the Overview and Scrutiny Committee and three Panels receive research and administrative support from a dedicated Scrutiny Officer; with Democratic Services also providing committee administration to the main Committee and Health Scrutiny Panel.

Getting Involved

The Overview and Scrutiny Committee and all three Panels meet in public, and welcome members of the public who wish to observe proceedings. Task & Finish Groups hold their meetings either in public or closed session as appropriate.

The agendas and related papers are published on the Slough Borough Council website five clear working days in advance of any meeting and are available to download for free.

Member Development

2014/15 saw a series of events held to assist members of scrutiny panels in undertaking their work. The Education and Children's Services Scrutiny Panel held two meetings in the autumn of 2014 to provide information on Ofsted and the responsibilities of local Councillors regarding Ofsted and local schools. In addition, an event was held with head teachers from Slough schools to share information on local provision, and the Chair of the Panel (Cllr Joginder Bal) attended an event organised by the Centre for Public Scrutiny regarding education scrutiny.

The Health Scrutiny Panel undertook a guided tour of facilities at Frimley Park Hospital followed by discussions with senior management on their proposals for Heatherwood and Wexham Park. The Chair of the Panel has also discussed matters with the new board of Heatherwood and Wexham Park Hospitals.

The feedback from these sessions was extremely positive, and have helped build relationships with key organisations and individuals as well as offering advice on skills and overall approach.

Scrutiny Reviews

Town Centre Car Parking Task and Finish Group

The Committee undertook an in-depth review of parking facilities in the town centre. The Task and Finish Group comprised of Councillors Plenty (Chair), Bal, Mellor, Nazir and Strutton and met in the autumn of 2014 and winter of 2015 to discuss existing policy with officers and observe traffic patterns in Slough town centre.

This Review led to the following recommendations being made:

- 1) that the current policy of zero parking be reviewed, with a future ratio to be specified subject to further research by Slough Borough Council (SBC) and justification;

- 2) that the potential hire of, or use of parking permits with time restrictions in neighbouring parking facilities (e.g. Tesco car park) be researched;
- 3) that the time restrictions on areas with single yellow lines be reduced to 6pm in suitable areas (subject to research by SBC);
- 4) that land adoption be used to increase SBC's control of parking (e.g. Kittiwake House, the area in Mill Street outside Foundry Court);
- 5) that the current limit of 5,000 parking spaces be reviewed, using the justification for it at the time of its creation and variations in the situation since this time (e.g. parking at Tesco's, Crossrail) to reappraise the figure;
- 6) that the parking at Slough railway station be removed from SBC's allocation of parking spaces;
- 7) that the potential expansion of car parking facilities at Slough railway station be investigated;
- 8) that the size of loading and unloading bays be reviewed to facilitate their use by larger vehicles; and
- 9) that further research be conducted into the continuation of free parking after 3pm, or cheaper parking through the use of a 'Slough Card', with a view to a potential increase in high street trade.
