COUNCIL**20 FEBUARY 2020****Agenda Item 3 – Revenue Budget 2020/21****CONSERVATIVE GROUP AMENDMENT**

This Council should do more to:

- encourage the protection of the environment;
- make our roads safer; and,
- offer greater opportunities for those eligible for concessionary bus fares.

Therefore, the following revenue budget amendments are proposed:

	£'000
Move recycling (“red bin”) collection to fortnightly (with the introduction of a brown food caddy on weekly collections).	(200)
Increase bus lane cameras at three locations	(150)
Extend the concessionary bus fare scheme to include between 6.30am to 9.30 am	250
Invest in additional parking enforcement staff	100
<i>Net Cost</i>	<i>0</i>

This affects Appendix A (proposed growth) and Appendix B (proposed savings) and revised versions of these appendices are attached. There is also a minor impact on Table 1 (medium term financial strategy - MTFS). Finally, no further Equality Impact Assessment (EIA) is required for the bus lane cameras (as one has already been produced), but a separate EIA (also attached) has been prepared for fortnightly recycling bin collection.

All other paragraphs /sections of the budget resolution, including the level of council tax, remain unchanged.

The council should also instigate a review of the local electoral cycle in 2020, to include consideration of “all out” elections every four years, with a view to resultant savings being built into the MTFS from 2021.

EQUALITY IMPACT ASSESSMENT

The Equality Act 2010 requires all public bodies, including local authorities, to show “due regard” to the impact their policies and procedures have on people from different groups. This includes gender, race, religion, age, disability, sexual orientation and sexual identity. We also have a responsibility to foster good community relations. Although they are not a legal requirement, conducting a basic assessment will allow you to look at the possible implications of a policy or procedure, and take any mitigating action if appropriate.

Remember:

- Equality Impact Assessments (EIAs) should be carried out on **relevant** policies and procedures. Not all policies or procedures will require them. If you are unsure if one is required, please contact the Equality and Diversity Manager on 01753 875069 for advice.
- Assess any potential impacts, positive and negative, in a proportionate way and with relevance
- Make decisions that are justified, evidenced, relevant and identify any mitigating proposals
- Prioritise expenditure in an efficient and fair way
- Have a record showing that the potential impacts have been considered and that decisions are based on evidence

It is important the EIA is carried out at the earliest opportunity to ensure that you have the time to undertake any additional work that will inform your decisions, for example community engagement.

If you have any questions or concerns, please contact the Equality and Diversity Manager on 01753 875069.

Name of service/function or policy being assessed:																																																		
Waste collection – household “red waste” (ie recycled) bins moved from weekly collection to fortnightly collection (with the introduction of a brown food caddy on weekly collections). - £200k																																																		
1.	<p>What are the aims, objectives, outcomes, purpose of the policy, service change, function that you are assessing?</p> <p>To shift “red bin” (ie recycling) bin collection to fortnightly, as this should increase the recycling rate and include a weekly brown caddie collection of food waste.</p>																																																	
2.	<p>Who implements or delivers the policy, service or function? State if this is undertaken by more than one team, service, and department including any external partners.</p> <p>Waste collection service</p>																																																	
3.	<p>Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc. Please consider all of the Protected Characteristics listed (more information is available in the background information). What course of action does this EIA suggest you take? More than one of the following may apply		
Outcome 1: No major change required. The EIA has not identified any potential for discrimination or adverse impact and all opportunities to promote equality have been taken		X
4.	What are any likely positive impacts for the group/s identified in (3) above? You may wish to refer to the Equalities Duties detailed in the background information. <i>None envisaged.</i>	
5.	What are the likely negative impacts for the group/s identified in (3) above? If so then are any particular groups affected more than others and why? <i>None envisaged.</i>	
6.	Have the impacts identified in (4) and (5) above been assessed using up to date and reliable evidence and data? Please state evidence sources and conclusions drawn (e.g. survey results, customer complaints, monitoring data etc). <i>No monitoring data available as yet – but would form part of the implementation.</i>	
7.	Have you engaged or consulted with any identified groups or individuals if necessary and what were the results, e.g. have the staff forums/unions/ community groups been involved? <i>No – not considered necessary.</i>	
8.	Have you considered the impact the policy might have on local community relations? <i>Yes – considered – no impacts envisaged.</i>	
9.	What plans do you have in place, or are developing, that will mitigate any likely identified negative impacts? For example what plans, if any, will be put in place to reduce the impact? <i>The “brown caddie” initiative is designed to offset the risk of food going off – but not thought to impact on any particular protected group differentially.</i>	
10.	What plans do you have in place to monitor the impact of the proposals once they have been implemented? (The full impact of the decision may only be known after the proposals have been implemented). <i>Measure recycling rates.</i>	

Outcome 2: Adjust the policy to remove barriers identified by the EIA or better promote equality. Are you satisfied that the proposed adjustments will remove the barriers identified? (Complete action plan).	
Outcome 3: Continue the policy despite potential for adverse impact or missed opportunities to promote equality identified. You will need to ensure that the EIA clearly sets out the justifications for continuing with it. You should consider whether there are sufficient plans to reduce the negative impact and/or plans to monitor the actual impact (see questions below). (Complete action plan).	
Outcome 4: Stop and rethink the policy when the EIA shows actual or potential unlawful discrimination. (Complete action plan).	

Action Plan and Timetable for Implementation

At this stage a timetabled Action Plan should be developed to address any concerns/issues related to equality in the existing or proposed policy/service or function. This plan will need to be integrated into the appropriate Service/Business Plan.

COUNCIL**20 FEBRUARY 2020****Agenda Item 5 – Capital Strategy 2020/21****CONSERVATIVE GROUP AMENDMENT**

This Council should look at the imminent threats posed by climate change and pollution and do its bit to help by looking at greener, more sustainable methods. We propose to install 10 City “Trees” across the borough as a step towards a cleaner, greener town. They are CO2 filtering structures that eat up particulates and nitrogen oxides whilst simultaneously producing oxygen.

Each tower has the air cleaning capability of 275 regular trees thereby improving air quality, especially in polluted areas where it is not possible to plant trees.

Therefore, the following capital budget amendments are proposed:

	2020/21	2021/22
	£'000	£'000
Installation of 10 City Tree air filter infrastructure devices	200	100
Funded by the reduction of Environmental Initiatives	(200)	(100)

This affects Appendix A (General Fund Capital Programme) of the Capital Strategy report.

All other paragraphs /sections of the capital strategy and the recommendations/proposed action remain unchanged.
