

Fire Evacuation Procedure Langley Pavilion

Langley Road, Langley, SL3 8BS

Fire Alarm

The fire alarm is a continuous siren

Assembly Point

Community centre car park - far end away from the main building

If you discover a fire:

- sound the alarm- these are located by the fire exits
- dial 999
- evacuate the building by the nearest possible exit and proceed to the assembly point
- [inform the caretaker on the mobile number provided/displayed outside the centre or call the caretaker emergency no 0777 1555 869.](#)

On hearing the alarm:

- immediately vacate the premises through the nearest available exit, and proceed to the assembly point at the back of car park away from the building
- make sure you know the next possible exit in case the route you've planned is blocked. Always take the shortest safest route
- ensure visitors are guided out of the building and know where to assemble
- please make sure you have a written list of all people attending your event/class and make sure everyone on your list is present at assembly point. Report missing persons to fire brigade or other authority
- if it is safe to do so, close all doors behind you.

Do not:

- **panic or run**
- **collect personal belongings**
- **gather in alternative areas other than the assembly point**
- **no one should re-enter the building until they are instructed it is safe to do so by the fire brigade or other authority.**

The signing of this procedure implies the full acceptance of the above regulations and will also apply to any additional bookings you make after the signing of this procedure.
