# SCHEDULE 1

## Introduction of 20mph Speed Limit

Road	Start and End Points
High Street Langley	From a point in line with the south western property line of number 258 High Street Langley to a point in line with the north western property line of number 242 High Street Langley.

### STATEMENT OF REASONS

The 20mph speed limit will manage speeds, reduce the likelihood of serious accidents, and support a safer and more attractive environment for walking and cycling through the local high street area. The surrounding local shops, Langley Memorial Ground, Langley College, bus stops, and other destinations create an active high street area, and the lower traffic speed will help support the 'place' function of the street. This Order extends the existing 20mph zone approximately 80 metres south to encompass the whole local high street area. The Order accompanies a scheme to modify the section of High Street Langley between approximately Elmhurst Road and Langley Road junctions, which includes a raised pedestrian crossing within the new 20mph section to help support the lower traffic speeds.
