

10<sup>th</sup> February 2023

Dear Resident,

**UPDATE – 14<sup>th</sup> March 2023**

**Due to unforeseen engineering difficulties at Malton Avenue junction with Berwick Avenue, the road will be closed until 14<sup>th</sup> April 2023. Durkin and Sons apologise for the extra inconvenience. If you have any questions about this please do not hesitate to contact me on 07969261394 during office hours Monday to Friday. Out of hours 02089000203.**

Durkin and Sons, working on behalf of Slough Heating and Power. We are currently installing new underground electricity cables to between substations.

For the safety of road-users and our engineering teams, we will be working on Malton Avenue. The works will be from the Leigh Road to just past Berwick Avenue. The work will be done under a road closure, with a traffic light system for access into Berwick Avenue. This will take approximately 6 weeks, beginning on 13<sup>th</sup> February 2023.

We appreciate that this project may impact on your usual routine and would like to apologise in advance if this is the case.

Further details of the project, including the route plan, roads affected and live updates, can be viewed on our website at [www.durkinandsons.co.uk](http://www.durkinandsons.co.uk), and our on-site staff will be able to offer advice and guidance if needed.

If you have any questions about this letter or would like to know more about the project, please do not hesitate to contact me on 07969261394 during office hours Monday to Friday. Out of hours 02089000203.

Regards

Geoff Collie

Project manager  
Durkin and Sons
